

I Have Ethics Questions !!

2015-July Pueblo Ethics CLE

I'm a **GAL** and represent a fictional client. How can the ethics rules possibly apply to *me*?

Why *can't* I **record my phone calls**? There's nothing in the rules. They can in Missouri.

I subpoenaed the **defendant's expert witness**, just in case. She did nothing !! Now she says I have to pay her?

When do I have to **self-report** violations of the ethics rules? I can't find *that* in the rules.

What about **ethical marijuana use** by attorneys? Maybe I should get a job representing a marijuana shop !! How'd all that come out anyway?
